

The show offered at halftime for the Superbowl was totally unacceptable! It's ashame to see how we like to think of ourselves as "family freindly", helping the children thru the "lottery", and blanketing them with perverse sexual inuendoes in the name of "entertainment"! Who is in charge here ? What's being done about this stuff? If Mr. Bonos' comments were acceptable as Mr. Solomon as indicated, where does that leave us as far as FCC policy? We can't keep feeding kids this garbage and then ask them to turn out responsible can we ? Please take action---Be politically incorrect. Sincerely, Bruce Wallace
